Hospice State-Level Live Discharges by Type Report

Q4FY21

The bottom half of the page features a collection of abstract, light green geometric shapes, including rectangles, squares, and irregular polygons, some of which are overlapping or partially cut off by the page edges.

Hospice Q4FY21 Live Discharges by Type In Descending Order by Total Episodes

Live Discharges by Type - Alaska, 5 Hospices

Type of Live Discharge	Total Episodes	Proportion of Live Discharge Episodes	State Average Length of Stay (in Days)
No longer terminally ill	132	50.4%	174.2
Revocation	94	35.9%	63.4
Moved out of service area	18	6.9%	74.7
Beneficiary transfer	18	6.9%	91.5
All Live Discharges	262	10.8%	121.9

Note: Live discharges are identified as discharges where the patient discharge status code is not equal to 40 (expired at home), 41 (expired in a medical facility) or 42 (expired place unknown). This report is limited to displaying the types of live discharges for which there were a total of at least 11 occurrences during the three fiscal years. Average length of stay is calculated by dividing the total number of days beneficiaries received services from the hospice by the total number of that type of live discharge.

Note: The proportion for All Live Discharges is the proportion for all episodes ending by death or alive

Beneficiary transfer	1,486	13.4%	135.1
Moved out of service area	877	7.9%	118.8
Discharged for cause	185	1.7%	132.6
All Live Discharges	11,062	11.5%	166.2

Note: Live discharges are identified as discharges where the patient discharge status code is not equal to 40 (expired at home), 41 (expired in a medical facility) or 42 (expired place unknown). This report is limited to displaying the types of live discharges for which there were a total of at least 11 occurrences during the three fiscal years. Average length of stay is calculated by dividing the total number of days beneficiaries received services from the hospice by the total number of that type of live discharge.

Note: The proportion for All Live Discharges is the proportion for all episodes ending by death or alive
