Note: Episodes ending in the most recent calendar year are considered for this report and are categorized into a therapy episode group based on the first digit in the HIPPS code as reported on the claim. Data for a therapy episode group will not be displayed if there are fewer than 11 episodes for the respective therapy episode group. This report is limited to the top diagnosis categories (up to 5) for which there are a total of at least 11 episodes for a diagnosis category within the respective therapy episode group. The principal diagnosis code for episodes have been collapsed into general categories using Clinical Classification Software (CCS).

More information on CCS can be found at <http://www.hcup-us.ahrq.gov/toolssoftware/ccs/ccs.jsp>.
