\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.

\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.

\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.

\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.

\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.

\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.

\* An episode of care (EOC) is defined as a series of claims from a SNF for a beneficiary where the difference between the "Through Date" of one claim and the "From Date" of the subsequent claim is less than or equal to thirty days. The "From" and "Through" dates in form locator 6 (statement covers period) on the claim identify the span of service dates included in a particular bill; the "From" date is the earliest date of service on the claim. Note: RUGs will display when there are at least three providers in the state with at least 11 episodes of care and a total of at least 11 days billed to the respective RUG during FY 2019.
